

Portuguese National Reading Plan

LeR⁺
PLANO NACIONAL 20
DE LEITURA 27

**Literature and
Science in Primary,
Secondary and
Higher Education**

Objectives

- To consolidate regular reading practices as a source of knowledge and pleasure.
- To generate better opportunities for the development of literacy skills.
- To increase scientific reading and improve technological skills.
- To write texts for critical, personal and creative purposes.

Methods

- Through book suggestions by specialists.
- Promoting partnerships with scientific institutions and universities.
- Generating enriched contexts with different languages, texts and literacies.
- Facilitating the access to reading and knowledge.
